

## **Winter 2022 Free Mini Memory Collection pack!**

### **Documentation**

by Les Productions Zvon

Samples of this pack are from a 1949 Public Domain cartoon about winter.

It's a small pack with only 26 samples (34 MB) that is nonetheless full of fun! Most samples are rather long and they can be further trimmed to suit your needs. The longest is a complete rendition of the classic Jingle Bells.

The source video is old and the sound quality is not great and it is noisy too.

The images that you will see in this document are screenshots from the episode.

These are not part of any other Memory Collection pack. Released in December 2021.

If you like these, check out the other Memory Collection packs. They are sample packs from Public Domain movies, TV shows and ads. The complete Collection has over 22,000 samples in 12 volumes. Many have themes, like SciFi, Holidays, Crime or Horror movies.

## **Tips to get the most of it**

- Chop up the samples. There are 26 samples but more can be created by simply further splitting them. I did split myself a few samples but often I've kept the interesting samples complete in order to keep their natural flow. Also within these longer sentences/samples, there are many interesting bits and I think that it's best to let users decide the ones they want as they may not be the same for everyone or for every project. Get to your slicer apps!

- These samples are not only great on their own but they're also perfect for your favorite granular samplers and other sample manglers.

- Process the samples, EQ, filters, compression and whatever you fancy. Stretch them, repitch them!

- 87 KB = 1 second of audio

This sample pack can be used royalty-free in any piece of music.

Even though all the source videos are in the Public Domain and can be freely obtained, these samples are not free. I ask you to respect the long and hard work that was required to create them and to not sell or distribute in any way the samples, even in modified or edited form, without my authorization.

If you do want to include and distribute some of the samples of this collection in your own projects, like with an instrument/sampler/rompler or in another sample pack, do not hesitate to contact me. We can then work out an agreement beneficial to both of us.

**Memory Collection Disclaimer:**

Some samples may reflect stereotypes and prejudice of their times and original creators. They may express racial prejudice, sexism, social stereotypes, ignorance and/or poor knowledge of other cultures (for instance accents that are deemed insulting today).

The views and opinions expressed in these are those of their original creators and do not necessarily reflect my opinions.

I verify that the source videos are in the Public Domain by searching the web, there are lists of PD movies and websites dedicated to them. Before I decide to use a video, I find at least 2 sources that say it is Public Domain. Of course I try to avoid errors but I am not giving any legal guarantees about the PD status of any source video either.

Also, here in North America, there are bargain-price DVD labels that offer PD movies.
