

## Three 20th Anniversary Free Kits (October 2024)

---

Three kits of 16 samples each made with samples from the first sample set I released commercially 20 years ago. It is still punchy and quirky as shown in this video. Additionally, these kits also contain 3 never previously released speech samples from my Memory Collection packs.

The drum apps supported are Native Instruments Battery 4 (Win, Mac), FAC Drumkit (iOS), Bram Bos Hammerhead (iOS), elf audio Koala (iOS, Android). Wav files included so they can be used in any software or hardware that can import them. Note that the maximum number of samples in a Hammerhead kit is 8, so it has 6 kits of 8 samples instead of 3 of 16 like the other apps.

The complete set of 145 samples has been unavailable for the last few years, but I have now released it for free as my monthly Patreon reward pack 44. Normally, my Reward sample packs are only available to my paying patrons, but this one is available to all my patrons, both free and paying patrons.

If you want to get the complete sample pack, visit my Patreon page and become a member, either free or paying.

Note that if you choose to become a paying member, you will also receive the previous monthly reward packs of my current Patreon year (starts in February). Free members only receive the pack 44 - Drums and Percussions 2004 pack (September 2024).
